hospice@HOME

A disruptive nursing model with Universal Implications
- Insufficient service provision where you live.
- No access to afterhours advice and assistance resulting in transfer to hospitals.
- Limited access to equipment and timeliness of supply.
- Access to medication after hours for families and the professionals.
- Respite for the family and carers. (including assistance with personal care needs).
- Care Coordination

“The ambition of the greatest man of our generation has been to wipe every tear from every eye. That may be beyond us, but as long as there are tears and suffering, so long our work will not be over.”

Jawaharlal Nehru (1947)
